

StoSuperlit

The robust acrylic render for a natural stone appearance

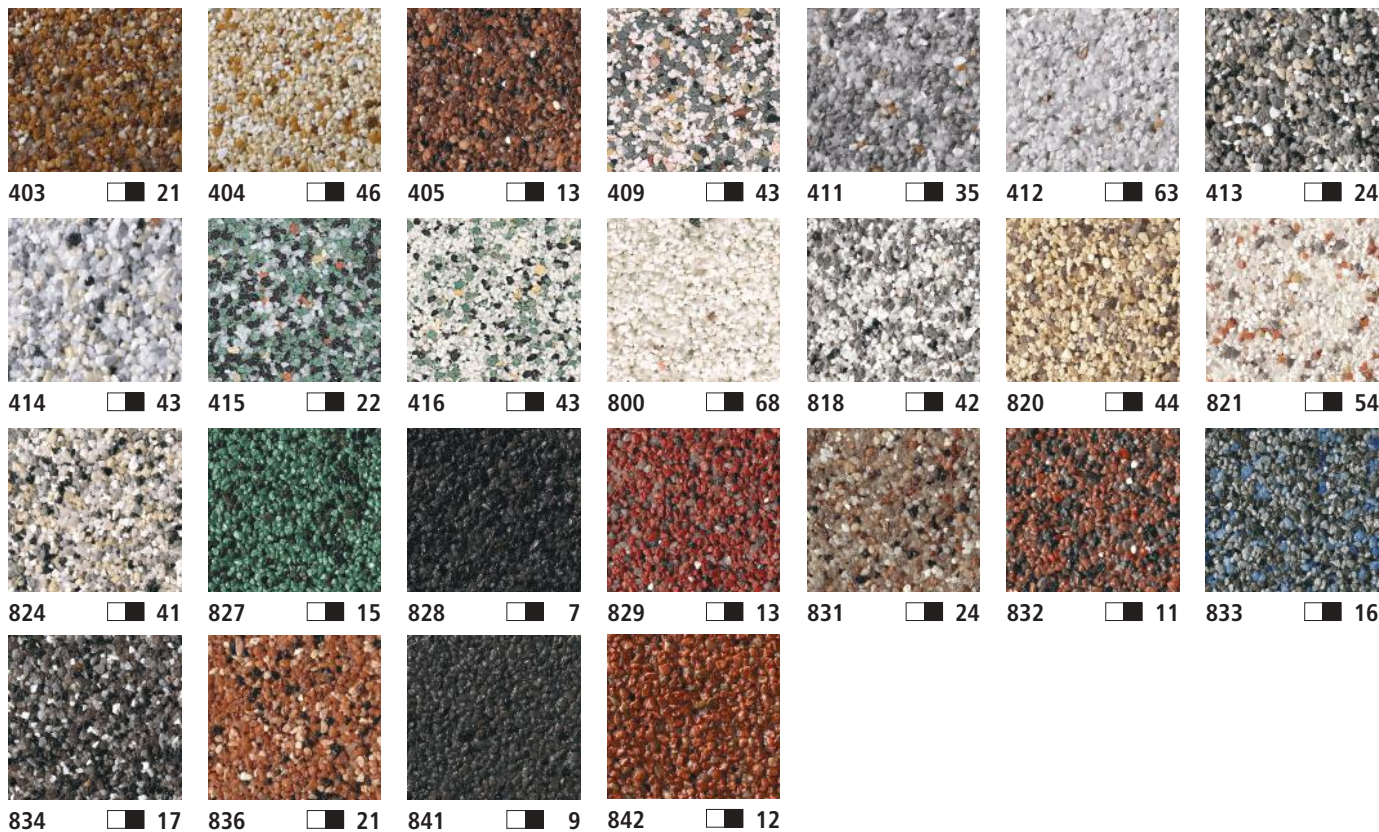

The StoSuperlit collection of renders offers 25 different colours, guaranteeing an individual look for natural stone finishes on façades. With its broad spectrum of applications, e.g. as a colour highlight in entrance areas, on parapets or balconies, or as a classic touch of colour in the plinth area, this hard-wearing natural stone render can provide an ideal finish.

- Highly resistant to mechanical stress
- Maximum resistance to dirt or scuff marks
- Weather-resistant
- 25 colours available
- Sto-Superlit Protect transparent sealing is available as an option

StoSuperlit

For hard-wearing natural stone highlights on the façade

StoSuperlit K 2.0 colour collection

Differences between the depicted colours and the actual colours are unavoidable for technical reasons relating to the printing process. The illustrations shown are not binding. Minimal colour differences in the render may result from variations in the material, the texture or substrate concerned or the drying time.
